Summary

Fourth-year Information and Communication Technology student at Sripatum University seeking an entry-level / junior Software Tester (QA) role. Possesses a strong foundation in web structures (HTML/CSS) with hands-on experience in manual functional, UI layout, and navigation testing. Detail-oriented and analytical, with practical knowledge in basic API flows and data verification. Eager to learn modern testing methodologies and test case documentation to ensure software quality within a team.

Education

Sripatum University

Bachelor of Science, Information and Communication Technology

Bangkok, Thailand

2023 - Present

- GPA: 4.00 / 4.00

Wachiratham Sathit School

High School Diploma, Science-Mathematics

Bangkok, Thailand

2020 - 2023

- GPA: 3.87 / 4.00
- Class President: Managed classroom logistics, coordinated schedules, and facilitated student-faculty communication.

Projects

DekHor - Dorm Guide Website | *Web Development & Manual Testing*

- Analyzed user needs and designed the UI/UX for a student dorm guide website.
- Built the webpage using **HTML and CSS**, and performed **Manual Testing** throughout development:
 - **UI & Layout Testing:** Tested and fixed layout bugs on different screen sizes to keep images and text aligned correctly.
 - **Functional & Navigation Check:** Tested all navigation buttons and hyperlinks manually, finding and fixing broken links to ensure smooth page transitions.
 - **Usability & Accessibility Check:** Checked text readability, color contrast, and button usability to ensure information is easy to find and read.

Work Experience

Cover Risk (Thailand) Co., Ltd.

Bangkok, Thailand

Part-time Operations Officer

December 2025 – January 2026

- Verified and prepared insurance claim documents, ensuring data accuracy before extracting information from internal systems into structured summary reports.
- Coordinated with insurance representatives to follow up on missing details and resolve initial documentation errors, ensuring smooth day-to-day operations.

Skills

Technical Skills

- Testing Basics: Manual Testing, Functional Testing, UI & Layout Testing, Usability Check, Basic Defect Reporting
- **Web & Database:** HTML5, CSS3, Basic Responsive Design, SQL (Basic Data Queries)

- **Tools & Platforms:** Figma (UI Inspection), VS Code, Git/GitHub (Basic), n8n (API & Data Flow), AppSheet, Basic 3D Modeling

Soft Skills

- Attention to Detail: Careful with UI layouts, data accuracy, and verifying requirements against actual results.
- Teamwork & Communication: Works well in team settings, open to feedback, and reports issues clearly.
- Fast & Willing Learner: Enthusiastic about learning new testing tools, test case writing, and quality assurance best practices.

Language

- Thai: Native
- English: Basic
